Question 1

Correct

Mark 10.00 out of 10.00

Flag question

Suitable solution(s) for a decoupled, distributed architecture of heterogenous, independent components/services is(are):

Select one or more:

☒ a. Broker ✔

☐ b. Client-Server

☐ c. MVC

☒ d. Peer-to-peer ✔

☐ e. 3-tiered

Your answer is correct.

Question 2

Correct

Mark 10.00 out of 10.00

Flag question

Which of the following are good practices for a layered architecture

Select one or more:

☒ a. Changes made in one layer of the architecture should not impact components in other layers ✔

☐ b. A layer may depend on all the lower layers

☐ c. A layer may depend only on the immediate lower layer

☒ d. A layer should depend on interfaces implemented by the lower layers ✔

☐ e. None of the above

Your answer is correct.

Question 3

Partially correct

Mark 6.00 out of 10.00

Flag question

Which if the following statements is true?

Select one or more:

☐ a. The ViewModel is a Façade to the Model

☒ b. Several Views can have references to the same ViewModel ✔

☒ c. MVVM is a variant of the MVC pattern ✔

☐ d. The ViewModel represents a Model for the View

☒ e. Views can be designed independent from the code behind in MVVM ✔

Your answer is partially correct.

You have correctly selected 3.

Question 4

Correct

Mark 10.00 out of 10.00

Flag question

Which statements are true about MVC:

Select one or more:

☐ a. The Model depends on the View and the Controller

☐ b. Cannot be applied in a layered architecture

☒ c. It is an instance of the Observer DP ✔

☐ d. It is highly decoupled

☒ e. The View and the Controller depend on the Model ✔

Your answer is correct.

Question 5

Correct

Mark 10.00 out of 10.00

Flag question

The Broker component in the Broker pattern:

Select one or more:

☒ a. Holds a collection of Servers ✔

☐ b. Holds a collection of Clients

☐ c. Holds both a collection of Clients and a collection of Servers

☒ d. Represents a single point of failure ✔

☒ e. Returns the most suitable server based on a client request ✔

Your answer is correct.
